

Where to put only

Learner workbook

Make clear what you are limiting.

Understand the distinction

"Only" limits a person, thing, action, amount, or time. Put it close to the element you want to limit when clarity matters: "Only Jo called" means nobody else called; "Jo called only Sam" means Sam was the only recipient.

In speech, stress and context also shape the meaning. "I only bought two" can be understood naturally even if "only" is not immediately before "two". Do not assume every everyday placement is wrong; revise when a reader could misunderstand.

Compare the patterns

PERSON

Only Jo called Sam.

Nobody other than Jo called Sam.

RECIPIENT

Jo called only Sam.

Jo called no one except Sam.

ACTION

Jo only called; she did not visit.

The action was limited to a call.

Read each example and notice how its form changes the meaning. Use these distinctions to choose your answers on the following pages.

Check your understanding

Circle one answer for each question. There is one correct choice among the options shown. Check the answer key after choosing.

1. Which says Sam was the sole recipient: "Only Jo called Sam" / "Jo called only Sam"?

- A. Only Jo called Sam.
- B. Both sentences make Sam the only recipient.
- C. Jo called only Sam.

2. Choose the sentence with the same meaning: "No one except Leo replied."

- A. Leo only replied to Ana.
- B. Only Leo replied.
- C. Leo replied only.

3. Can spoken stress help clarify "only"?

- A. Yes. Stress makes written word order irrelevant.
- B. No. Spoken stress never affects meaning.
- C. Yes. Stress and context can identify the focus.

Choose the best response

Choose the response that fits the situation. Check both its meaning and its grammar.

4. Which pair moves "only" so the first sentence limits the person and the second limits the drink?

A. Ana ordered only tea. Only Ana ordered tea.

B. Only Ana ordered tea. Only Ana ordered coffee.

C. Only Ana ordered tea. Ana ordered only tea.

Review your choices

Use the answer explanations on the next page. If you chose a different answer, find the detail that makes it unsuitable and try the question again.

Practice online

The web lesson gives feedback for the option you select and lets you try again. No written response is required.

Answers and explanation

You are my patient English practice tutor. Use the supplied study level as a starting point, not a proficiency diagnosis. Keep explanations brief and use familiar words. Define any necessary grammar term. Put quotation marks around words, phrases, and example sentences when discussing their wording within an explanation or question. Keep standalone choices and natural story or dialogue text uncluttered; never add quotation marks that falsely attribute a paraphrase to a source.

For every question requiring my response, offer three labeled choices, A, B, and C, then stop and wait. Do not ask for typed sentences, personal details, or an open-ended answer. Give one question at a time. Keep the answer and explanation hidden until I choose. Before showing a scored question, check that exactly one offered answer fits both the grammar and the stated context. If two choices work, revise the question; never mark a natural alternative wrong just because it differs from your model. Vary the correct letter.

Accept a choice letter or the quoted option. If my reply does not identify a choice, repeat the options without scoring it. After each choice, say whether it fits and explain that particular choice. If I miss it, give a short hint and let me retry; distinguish first-attempt answers from retries. Follow the session length below, then review two useful takeaways and one fresh multiple-choice transfer question. Do not convert this practice into a level certificate.

SESSION

Use the supplied grammar focus and qualifications. Explain the central distinction in no more than 70 words. Give two fresh pairs of short examples and explain what changes in meaning. Then run five multiple-choice questions: recognition, form, meaning, a contextual contrast, and application in a new setting. Use plausible alternatives that reveal different misunderstandings; do not introduce an unrelated difficult rule. Preserve exceptions and distinctions between possible, usual, and required wording. Start with the explanation, example pairs, and question 1 only.
