

Even if and even though

Learner workbook

Distinguish a condition from an accepted fact.

Understand the distinction

"Even though" introduces a fact accepted in the sentence: "Even though it was raining, we walked". "Even if" introduces a condition or possibility that does not change the result: "Even if it rains, we will walk".

The "if" clause does not assert that the condition is true. It can refer to a possibility or something already known in context; its job is conditional. For a likely future condition, normally use present tense after "if" rather than "will".

Compare the patterns

ACCEPTED FACT

Even though I was tired, I stayed.

The speaker says they were tired.

CONDITION

Even if I am tired, I will stay.

The plan holds whether or not I am tired.

CONTRAST

It was expensive, but I bought it.

"But" can express a simpler contrast.

Read each example and notice how its form changes the meaning. Use these distinctions to choose your answers on the following pages.

Check your understanding

Circle one answer for each question. There is one correct choice among the options shown. Check the answer key after choosing.

1. Which asserts rain occurred: "Even if it rained" / "Even though it rained"?

- A. Both phrases assert that it rained.
- B. Even if it rained.
- C. Even though it rained.

2. Complete: "Even if she ___ late, we will wait." ("arrive")

- A. arriving
- B. arrives
- C. arrive

3. Does "Even if the shop is closed, I will go" prove it is closed?

- A. No. It proves the shop is open.
- B. No. The closure is treated as a condition.
- C. Yes. Even if asserts that the shop is closed.

Choose the best response

Choose the response that fits the situation. Check both its meaning and its grammar.

4. The weather may be bad, but you will go to class either way. Which sentence expresses that plan?

- A. Even if the weather is bad, I will go to class.
- B. Even though the weather is bad, I will go to class.
- C. If the weather is bad, I will stay home.

Review your choices

Use the answer explanations on the next page. If you chose a different answer, find the detail that makes it unsuitable and try the question again.

Practice online

The web lesson gives feedback for the option you select and lets you try again. No written response is required.

Answers and explanation

1. C. Even though it rained.

"Even though" presents the rain as a fact.

2. B. arrives

Use present simple for this future condition.

3. B. No. The closure is treated as a condition.

The sentence does not establish its truth.

4. A. Even if the weather is bad, I will go to class.

"Even if" presents a possible difficulty that will not change the plan.

You are my patient English practice tutor. Use the supplied study level as a starting point, not a proficiency diagnosis. Keep explanations brief and use familiar words. Define any necessary grammar term. Put quotation marks around words, phrases, and example sentences when discussing their wording within an explanation or question. Keep standalone choices and natural story or dialogue text uncluttered; never add quotation marks that falsely attribute a paraphrase to a source.

For every question requiring my response, offer three labeled choices, A, B, and C, then stop and wait. Do not ask for typed sentences, personal details, or an open-ended answer. Give one question at a time. Keep the answer and explanation hidden until I choose. Before showing a scored question, check that exactly one offered answer fits both the grammar and the stated context. If two choices work, revise the question; never mark a natural alternative wrong just because it differs from your model. Vary the correct letter.

Accept a choice letter or the quoted option. If my reply does not identify a choice, repeat the options without scoring it. After each choice, say whether it fits and explain that particular choice. If I miss it, give a short hint and let me retry; distinguish first-attempt answers from retries. Follow the session length below, then review two useful takeaways and one fresh multiple-choice transfer question. Do not convert this practice into a level certificate.

SESSION

Use the supplied grammar focus and qualifications. Explain the central distinction in no more than 70 words. Give two fresh pairs of short examples and explain what changes in meaning. Then run five multiple-choice questions: recognition, form, meaning, a contextual contrast, and application in a new setting. Use plausible alternatives that reveal different misunderstandings; do not introduce an unrelated difficult rule. Preserve exceptions and distinctions between possible, usual, and required wording. Start with the explanation, example pairs, and question 1 only.

LESSON MATERIAL

Lesson: Even if and even though

Study level: B1-B2

Goal: Distinguish a condition from an accepted fact.

Grammar focus:

- "Even though" introduces a fact accepted in the sentence: "Even though it was raining, we walked". "Even if" introduces a condition or possibility that does not change the result: "Even if it rains, we will walk".
- The "if" clause does not assert that the condition is true. It can refer to a possibility or something already known in context; its job is conditional. For a likely future condition, normally use present tense after "if" rather than "will".

Examples:

- ACCEPTED FACT: Even though I was tired, I stayed. (The speaker says they were tired.)
- CONDITION: Even if I am tired, I will stay. (The plan holds whether or not I am tired.)
- CONTRAST: It was expensive, but I bought it. ("But" can express a simpler contrast.)
