Practice these structures with various examples to reinforce your understanding.

Bonus: Instrumental Prepositions: Using "With," "Using," "By Means Of," and "Via"

In English, besides by and through, other prepositions are also useful to express instrumentation (the use of something to accomplish a goal). Prepositions like with, using, by means of, and via help convey the tools, methods, and processes by which actions are performed. With is commonly used to specify the tool or manner, such as "He wrote the letter with a pen." Using highlights the specific method or instrument employed, as in "She solved the equation using a calculator." By means of offers a more formal expression, for instance, "The problem was solved by means of advanced algorithms." Via indicates the route or method, such as "She sent the package via courier." These prepositions enrich our ability to describe actions clearly and accurately.

Let's explore these other terms.

With

With is commonly used to indicate the tool, instrument, or manner by which something is done.

- Tool/Instrument: Indicates the physical object used to perform an action.
- Manner: Describes the way in which something is done.
