

Banking Operations English Participant Workbook

Practice pages for realistic field-specific meetings, pushback, documentation, and role-play preparation

Audience: bank operations staff, branch managers, loan operations teams, KYC/AML analysts, fraud operations staff, payment operations teams, compliance staff, and banking leaders

Focus: A banking operations English curriculum for KYC, AML, loan operations, payment exceptions, fraud, customer complaints, audits, operational risk, and regulatory communication.

Designed for advanced ESL learners who already use professional English and need industry-specific terminology, realistic meetings, role-play pressure, careful pushback, and polished workplace outputs.

Teaching stance: this is language and workplace-communication training, not legal, medical, financial, safety, or regulatory advice. Instructors should connect every scenario to the learner's current company policies, local rules, and approved procedures.

How to Use This Workbook

For each module, read a workplace scenario and complete a bounded dialogue. Choose one of four options, then use the answer key to see why the selected phrase fits the evidence, risk, owner, and next step.
