

Hospitality and Tourism English Participant Workbook

Practice pages for realistic field-specific meetings, pushback, documentation, and role-play preparation

Audience: hotel managers, front-desk teams, guest-relations staff, event coordinators, restaurant managers, tour operators, revenue managers, and destination-service professionals

Focus: A hospitality and tourism English curriculum for guest complaints, service recovery, reservations, revenue management, events, vendor coordination, cultural expectations, reviews, and operational briefings.

Designed for advanced ESL learners who already use professional English and need industry-specific terminology, realistic meetings, role-play pressure, careful pushback, and polished workplace outputs.

Teaching stance: this is language and workplace-communication training, not legal, medical, financial, safety, or regulatory advice. Instructors should connect every scenario to the learner's current company policies, local rules, and approved procedures.
