

Media and Entertainment English Participant Workbook

Practice pages for realistic field-specific meetings, pushback, documentation, and role-play preparation

Audience: producers, production managers, creative executives, rights coordinators, distribution teams, talent managers, marketing staff, and media operations professionals

Focus: A media and entertainment English curriculum for creative development, production planning, rights, talent, distribution, audience metrics, sponsorship, brand safety, and high-pressure creative disagreement.

Designed for advanced ESL learners who already use professional English and need industry-specific terminology, realistic meetings, role-play pressure, careful pushback, and polished workplace outputs.

Teaching stance: this is language and workplace-communication training, not legal, medical, financial, safety, or regulatory advice. Instructors should connect every scenario to the learner's current company policies, local rules, and approved procedures.
